Consumer Confidence Report

Do you ever wonder what is in your drinking water? If your water has an undesirable taste, odor or color, or you want to learn more about your water quality, you may want to look in detail at your water quality report for the cause of these issues. Water quality reports help you identify if there are contaminants present in your tap water and how these may affect your health. To be environmentally friendly we are offering to email this report to our customers. This will help us reduce our costs to print and mail the report.

If you would like to receive your report by email, please send us a request that you would like a copy of the CCR to info@sawaterco.com.

The CCR is also available on our website at:

sawaterco.com/sites/default/files/archive/ccr/2017%20CCR.pdf

Lastly, if you would like us to send you a copy by regular mail, you may request it by phoning our office at (909)982-4107.

ASSISTANT GENERAL MANAGER'S MESSAGE

Change is Inevitable

As Assistant General Manager, I'm honored to write this message to our shareholders. In my 25 years with the Company, I have had the pleasure to work with three different general managers. The stability of general managers has been a reality and benefit to our Company. Organizations today are facing a more dynamic and changing environment. The life we lead today is the result of the acceptance of change. One acceptance of change we have had in our 10 employee company is losing 2 of our employees, one with the Water Company 11 years and the other a little over 2 years. In addition, our general manager is leaving at the end of June. He has been with the Company for 19 years. These changes are taking place within 6 months. As our current employees look forward to retirement, more change is on the horizon. Our water company has been blessed with long term employees. In today's world longevity with a company is not something you hear about anymore.

Teri Layton

Meter Tampering

The water meter at your property is the property of the Water Company. Tampering with water meters is against the law, and the Water Company can impose fines for tampering with the meter including legal action. Please contact the office if you need any work or repair done to the meter or if you have any questions regarding the meter or meter box.

We ask that you do not block water meter boxes in your yard with plants, bushes, mulch, concrete or any other hard surfaces. Also, please do not remove valves installed by the Water Company that are located within the meter box. The Water

Company staff must have access to your meter at all times. Thanks for your cooperation.

Water Efficiency Corner

DESIGNER/EDITOR

Roberta Thomas

Welcome Salena!

Please welcome our newest member of our staff,
Ms. Salena Holley.

She plays a very important role with the Water Company as the Accounting/Personnel Specialist. She handles payroll, payables and various other duties. She has been busy the last few months learning all the many functions to her job.

Salena and her daughter reside in Rialto and enjoy going to the movies and spending time with family.

If you see her around or in the office, please say Hi and welcome her!
